

LEGO COLOR HUNT

For age group: 2-5

MATERIALS REQUIRED:

- Lego/ building block toys
- Color papers

ESTIMATED TIME:

5-10 minutes

OBJECTIVE:

To develop sensory motor skills

This is one of the games that require less movement but is still fun to play.

First you need to gather your child's Legos or building blocks of various colors. Note down 4-5 colors of the toys and set up colored papers within a room. You can also let your child color a paper according to the toys. Then mix up the Legos and let your child place the pieces on the paper according to its color.

You can also scatter the Lego pieces inside the house and tell you child to find it.
